

# BIP - How to "Green" the University?

MAY 8TH, 2024 ONLINE

MAY 13-17TH, 2024 IN-PERSON

FACULTY OF PUBLIC HEALTH

"PROF. TZECOMIR VODENICHAROV, MD, DSC"

MEDICAL UNIVERSITY – SOFIA

BULGARIA

*We are now accepting all interested students and staff members who wish to participate in this unique training program!*

With a combination of online coursework and hands-on experiential learning, our BIP aims to promote sustainability practices within academic institutions and educate participants on environmental conservation, energy efficiency, waste reduction, and sustainable campus design.

Participants will:

- Engage in group projects, field trips, and collaboration with industry experts to develop practical solutions for making their university more environmentally friendly
- Learn how to assess environmental impact, implement sustainable practices, and advocate for green initiatives within their university community
- Become equipped with the tools and strategies needed to drive positive change and create a more sustainable future for their academic institution

Please contact us if you would like to participate!  
Contact info found on last page.

**REGISTER  
NOW!**

Please fill out the form in the  
link below to register!
